For the man or boy whom fate denied a beautiful, strong body, help is here! How—? Our new easy system in complete packaged kit with our world famous pectoral chest developer lets you attain enormous chest measurements *fast!* Then at your own convenience, *add a total of 6, 8, 10, 12, 16, 20 inches on your chest, back and shoulders.*

Research has shown the chest is the dynamic focal point, the power center of the physique, around which your entire bodybuilding program can be structured. If your chest is small or scrawny, body development can be slow, almost never ending. *When your chest becomes big, other muscles can be built up superfast! A big chest first! Always!*

Research shows people usually judge a guy by the size of his chest. Why—? Look around. Do guys parade about town in swim suits? No! Everybody wears clothes. While your other muscles can be hidden under clothing, *a big chest stands out at first glance. Your stomach, thigh and leg muscles can* be concealed under pants. Arm muscles can be hidden under sleeves. But a big chest is an attention-getter. It can indicate virility, dynamism and courage.

FREE! crushing vice-grip course

What does our exclusive, chest building kit include—? Our copyrighted, illustrated method-course to increase chest measurements fast, plus an engineered pectoral chest building mechanical aid, sold for many, many years the world over.

DR. ROBAR'S EVIL ROBOT

It was a quiet day at the police station. Sergeant Flint was snoozing at his desk. Officer Rosemary was only half awake as she sat at the silent switchboard and waited for the phone to ring. Penry, the janitor, was leaning on his mop and daydreaming. Even Spot was taking a catnap on top of a file cabinet.

It was that kind of day. No one was moving too fast or doing too much. Crime seemed to be at a standstill.

Spot yawned, hopped off of the cabinet and dashed upstairs. Near an open, second story window, he found his partner in crime fighting, Penry, the meek, mild - mannered janitor. Under Penry's chin was the mop Penry was leaning on. Near Penry's feet was a big bucket of water.

Spot shook his head in disgust. Even he could hardly believe that Penry was really Hong Kong Phooey, the Kung Fu champion of the world. Penry looked more like a super lazy loafer than a tough and terrific crime fighter.

Spot shrugged his furry shoulders. What the heck? Since everyone else was goofing off, he might as well goof off too!

Up onto the open window sill he hopped. Just as he was about to curl up into a comfortable position, he looked down into the street below.

He meowed in alarm! What he saw shocked him! Were his eyes deceiving him? Quickly, he rubbed them. Nope! He really saw what he thought he saw.

Out there, down in the street, was Doctor Robar, the sinister scientist. What was he doing standing out in the street in broad daylight? Robar was a wanted man! The police were after him! Hong Kong Phooey was after him! Practically everyone in the world was after Dr. Robber Robar!

Perhaps he had a guilty conscience! Perhaps he'd come down to the police station to give himself up.

Looking more closely, Spot noticed that Robar wasn't alone. Standing next to the evil doctor was a mechanical man. Doctor Robar had invented a robot; but why?

"Hey! Wake up, you crumby cops!" shouted Dr. Robar. "I dare you to come out here! I dare you to try to capture me while my latest invention is with me! My robot will protect me if anyone tries to get in my way! Even Hong Kong Phooey can't touch me now!"

Penry's ears stood straight up when he heard that! Instantly, his eyelids snapped open like window shades. Angrily, he looked out of the window just in time to see Sergeant Flint rush out of the police station.

"Robar, this time you've gone too far! You won't get away from me!" shouted Flint as he dashed at the mad scientist.

"Metal Man, attack!" ordered Robar as Flint dove at the evil criminal.

The robot assumed a karate position. Instantly, the robot attacked Sergeant Flint. One, fast flick of the robot's metal wrist and Flint went flying. The chubby sergeant sailed through the air and landed face first on the sidewalk.

"This looks like a job for Hong Kong Phooey!" shouted Penry as he leaped into a filing cabinet. When he came out of the cabinet, Hong Kong Phooey the crime fighter was in Penry's shoes.

Out of the window and down into the street, he [illegible].

"Forget it, Phooey!" laughed Robar. "You'll never capture me. My robot is lightning fast. He's too fast — even for you and your Kung Fu training!"

"Robar, before this day is done, you'll be behind bars," answered Hong Kong as he moved toward the evil genius.

"Metal Man, attack!" ordered Robar again.

Hong Kong Phooey and the metal master of the martial arts went at it tooth and nail as Spot watched from the upstairs window. Robar was right! His robot was too fast for Hong Kong. Things looked bad. If someone didn't slow down that robot, Hong Kong Phooey would lose the fight for sure.

Just then, Spot looked down. On the floor in the room was Penry's bucket of water. Immediately, Spot got a brilliant idea. Quickly, he picked up the bucket. He waited until the robot was right below him — and then he poured all of the water down on top of the metal man.

Almost instantly, the robot began to rust. It moved slower and slower and slower. It moved so slow that Hong Kong Phooey was able to chop it up into junk.

"I told you that you'd soon be behind bars!" said Hong Kong as he led Robar toward the police station.

"Hong Kong Phooey, you beat me again," complained Robar as he looked back at his wonderful invention which was now nothing more than a pile of rusted, scrap metal.

Spot and Hong Kong Phooey had saved the day again!

"In training youngsters to play baseball, there is simply no substitute for practice. The same applies to shooting a Daisy B-B gun.

Practice makes you a better shooter. And when you start hitting bullseyes, it gives you a real sense of satisfaction. I know, because I've been hitting bullseyes with Daisy B-B guns for over 35 years.

Now I'm teaching my son Marc to shoot. Right from the start, he's developing coordination and skills that will help him in any sport. At the same time, he's gaining the confidence that will help him grow up to be the man he wants to be."
